PROFESSIONAL SUMMARY

Motivated and enthusiastic MCA student with a strong interest in software development, database-driven applications and Artificial Intelligence/Machine Learning. I enjoy building web-based applications using technologies like Django, PHP, and MySQL. I have hands-on experience working on projects where I focused on creating efficient and user-friendly systems, with a good understanding of backend development. I am looking forward to starting my career in software development, where I can work on real-world projects, learn continuously, and grow as a developer.

EDUCATION

Master of Computer Applications (MCA) Mangalam College of Engineering CGPA: 9 . 1 2	2024 – 2026
Bachelor of Arts (B.A) St George's College Aruvithura Grade: A	2020 – 2023
Higher Secondary Education Muslim Girls HSS, Erattupetta Percentage: 90%	2018 – 2020
SSLC Muslim Girls HSS, Erattupetta Percentage: 91%	2018

PROJECTS

Crime Diary – Web-Based Crime Reporting System

- Developed a system using HTML, PHP, and MySQL for online crime reporting.
- Enabled efficient case management for police and admin control.
- Improved accessibility and transparency in reporting crimes.

Edu-Track – Smart Learning Platform

- Built using Python (Django) and Flutter for managing academic activities.
- Implemented secure user authentication and content management.
- Enhanced user experience with an intuitive interface.

CERTIFICATIONS

- Foundation of Cloud IoT Edge ML – NPTEL

TECHNICAL SKILLS

Programming Languages: Python, PHP, Java

Web Technologies: HTML5, CSS3, Bootstrap, Flutter (UI)

Libraries: NumPy, Pandas, Scikit-Learn

Frameworks: Django

Database: MySQL

Tools: VS Code, XAMPP, Git, GitHub, Overleaf

Concepts: REST APIs, MVC Architecture, Debugging, Documentation

SOFT SKILLS

- Communication and Presentation
- Leadership and Team Collaboration
- Problem Solving
- Time Management
